Service Schools are completely **FREE OF CHARGE**

Thurs. March 26, 8:30 am -1:00 pm

Join Ice-O-Matic as we introduce you to the most exciting new series of machines to hit the ice industry in years.

In these training and introduction sessions you'll learn about our game-changing series that delivers the following:

- ❖ Easier to install and service than ever before.
- ❖ Meet to exceed D.O.E. 2018 regulations, often by a margin of 20%.
- ❖ Revolutionary dual exhaust capability allows for either top air or side air discharge without a kit on air-cooled cubers
- ❖ Easiest to clean, sanitize and delime machines ever produced by Ice-O-Matic
- ❖ We will be covering Elevation Series ice Machines.
- ❖ Any other questions you may have.
